A Manitoban is in the lead at the Dominion rifle matches at Ottawa.

BRAKEMAN FATALITY INJURED.
Brakeman Wilson, of the Canadian Northern Railway, was probably fatally injured at Grand View.

SIFTON IN LONDON.
A Marconi wireless message has announced the arrival of Mr. Sifton at London.

EVIDENCES OF CRIME.
The body of an unknown land inspector was found badly mutilated near Macleod, Northwest Territories.

WHEAT AND OATS.
Fort William wheat, No. 1 hard, 31 cents a bushel.
Winnipeg oats, No. 2 white, 30 1-2 cents a bushel.

AGONY PROLONGED.
The Reliance, although a mile ahead in the yacht race yesterday, failed to finish in the time limit and another race will have to be sailed. Shamrock III has not as yet had a look in.

WEATHER PROBS.
Light showers occurred during the night near Prince Albert and Winnipeg, but the weather in the Territories and Manitoba generally has been very fine. Cooler weather is everywhere indicated for the next day or so with very chilly nights.

POLICE COURT.
Real Estate Agents Will Have the Protection of the By-LAW.

A couple of interesting cases came before Magistrate I. S. Cowan at the police court this morning.

A. E. Voyer appeared to receive sentence for refusing to pay the real estate agent's license fee. This case has now been adjourned several times and has been of great interest, especially to those real estate agents who have already paid their license fee. Mr. Voyer was fined \$5 and costs, amounting to \$7.50 and was given a limited time to pay his license fee.

Joseph Leveille, in the employ of Rev. L. O. Freres, appeared on a charge of theft. Rev. L. O. Freres' warehouse was recently broken into and the supply of tobacco, cigars, pipes, knives, revolvers, etc., stolen. Information was laid on Constable Dean, who had Leveille arrested on suspicion. While going to Leveille's tent to have it searched, Leveille confessed his guilt to Constable Dean. His case was adjourned until tomorrow.

BANK OF NOVA SCOTIA.
Several important changes have recently been made in the staffs of the Bank of Nova Scotia branches of the Bank of Nova Scotia at Strathcona and Edmonton. F. W. Macdonald, formerly assistant manager of the Strathcona branch, has been appointed manager of the bank in Strathcona. J. A. Kinner, recently of Chicago, is appointed to Mr. Ross' place as assistant manager of the Edmonton branch. The Strathcona branch has recently moved from the old building to the new quarters in the bank annex of the new Strathcona hotel on Whyte Avenue. When business will warrant a substantial bank block will be erected.

LOCAL.

Train left Red Deer on time.
Saskatoon will build a \$13,000 public school.
The Frank Jones are again being operated.
An agricultural society is being organized at Ponoka.
The Saskatoon town council are discussing the park question.
L. O. Hooper has commenced a loan business with a considerable amount of private funds.
Liberal and Conservative alike are organizing for the next Dominion election in Southern Alberta.
The Edmonton district Teachers' Association will hold their convention this year in Edmonton on October 5th and 6th.
It is expected that wheat, oats and barley will command very high prices this year. Dollar wheat is predicted at an early date.
A couple of teams are being set to work this afternoon to get the race track in first-class condition for the Labor-day sports.

From returns made to the Pacific Railway the 11,000 people were taken from Ontario, Quebec and Maritime provinces on recent harvest excursions.

It is announced that the Canadian Northern Transcontinental school may have to be postponed for some time. However the school will be built as far as Edmonton by August, 1904.

A head of lettuce, two feet square and weighing five and a half pounds, in William Bros. butcher shop window, is a sample of the growth of garden vegetables in Northern Alberta.

A. B. Batts, of Bottineau, North Dakota, with two other gentlemen left on the Landing stage this morning for a visit to the Grand Prairie district. They are supposed to be going north on a timber prospecting trip.

A photograph of Edmonton, main street in 1890, on exhibition in the Bulletin office window, is attracting considerable attention. The photograph shows the grass a couple of inches long on Jasper avenue opposite Ross Street, present day.

Fort Saskatchewan Reporter.—Mr. Samuels, the duty commissioner, has notified Mr. Shera, M.P.A., that Foreman Alton was instructed to undertake the reconstruction of the bridge over Deep Creek, between sections 11 and 12, township 55, range 21.

The British Columbia coast has confirmed the Great Northern in forecasting its visit to Vancouver. Information was taken by the Great Northern by night and connection across the C. P. R. was built while the C. P. R. officials were away.

The Winnipeg Free Press, in its items of twenty years ago says, "The first commercial traveller made his appearance in Edmonton a few days ago. This was J. H. Fanning, representing James O'Brien & Co., of Montreal. He took some large orders for fall and winter goods."

Reported—L. Moret left for Edmonton on Thursday with his children. We understand that Miss Moret, Miss Eugenia and Miss Alma are to attend the convalescent school at Edmonton, where Miss Moret has been successful in securing a high medical standing in the past, while Master Alphouse will attend the boys' school at St. Albert.

A Canadian Northern official says, "One of our western extensions we have the biggest force of men at work that has been employed in that vicinity since the original construction of the C. P. R. It is a very large force of men and the work is being done at a rapid pace. We expect to have 300 miles of the line to Edmonton ready by the end of this season."

Sander's medicine has proved to have been very much milder than it is generally supposed to be. The force of the storm seemed to be concentrated in Edmonton. A Strathcona, in fact, merely a few hundred yards across the bridge, no harm fell. No damage was done by the wind at Edmonton of the surrounding district, except a few light gusts. A here it was especially heavy.

The members to the Congress of the Chambers of Commerce of the Empire countries going on the western tour, recently leaving a convenient source of information, the Canadian Pacific Railway. It is an annotated time table of the run from Montreal to Vancouver, and the route, page are especially handsome. They are of a heavy glazed ivory paper, with elaborately gilt-embossed title. On the front is the title "Grand River Station" and the back cover is represented by a golden wheel and a view of the city.

For additional locals see page four.

NORMAL SCHOOL
A Second Normal Should Be Established at Edmonton.

The Territorial normal school opened last week in Regina. On the opening day twenty-five first-class and sixty-six second-class students were in attendance. This number will have been considerably augmented the first few days of the session, as a number come in late. At least three first-class students and twelve second-class students are from the immediate vicinity of Edmonton. A number more are from Southern Alberta. Out of a total of twenty from Alberta, fifteen are from near Edmonton. Only about forty out of ninety pupils are residents of the west. The majority, of course, are from Ontario and the Maritime provinces. It is said that many students who have applied to attend this year's session of the normal school had to be refused on account of lack of accommodation. The present normal school staff consists of Principal D. P. McCall, Vice-principal A. M. Fenwick, Manual Training instructor, L. E. Bennett, Music and Drawing instructors, Miss Rankin.

The time will soon come when it will be necessary to establish a second normal school in the Territories. Edmonton should certainly be the site chosen, for no other reason than its central location, which will become more and more central in the next few years. As the immense country north, east and west of Edmonton becomes settled, schools will be established and numerous teachers will be required. Teachers are now scarce in the east and the demand here will be great. The salaries now paid. More of our high school graduates will then go in for teaching and it will be an imposition on them to have to travel a hundred miles to attend normal school, and then return, and so on, a hundred miles to take charge of a school. With a normal school established at Edmonton this would be unnecessary.

COAL FAMINE PROBABLE
Calgary Herald.

The coal situation is one of the most serious problems that faces the people of Calgary today. A few months ago Sir Sandford Fleming, in answer to the agents of the Anthracite Coal company, informed them that hard coal would be here this winter, but winter is almost upon us and no signs of anthracite coal.

The litigation between the H. W. McNeill Anthracite Coal company and Sir Sandford Fleming is, as most people interested in the coal situation are aware, still pending.

Another letter has been written to Sir Sandford Fleming, but no reply has yet been received, but even if that reply is satisfactory, the fact remains that, Calgary, today has more than 3,000 tons less coal on hand than she had this time last year, and even if the mines were to open up before the winter sets in, coal would be every scarce.

One thousand, six hundred tons of soft coal is all there is in the city today, and directly the Manitoba grain shipment begins it will be impossible to obtain any more until that is over. A small cold snap would probably result in the purchase of the entire amount, leaving the city on the verge of winter without coal.

At present the price of soft coal is \$5.15, and hard coal is not to be obtained at any price unless shipped from Pennsylvania at a cost of from \$16 to \$20 a ton.

Owing to the miners' strike last year the city of New York was practically in a coal famine and for a time as much as \$40 a ton was paid for every kind of coal and it even took the president of the United States to take a hand in the situation and bring the contending parties together for the public welfare, and it looks as though this part of Canada was also going to experience something similar.

ROSS CREEK

A very fine day, although the past has been very disagreeable with rain and cold, which has hindered haymaking. Nevertheless, harvesting has begun and barley, rye and oats are being cut. The grain yield will be good.

The cloudburst spoken of some time ago in the items for Beaver Lake West, was not felt here.

Mr. S. A. Hallberg is on the sick list this week.

Mr. Alton and crew are expected here on the 20th to build a bridge across the creek.

On August 24th Mr. and Mrs. Robert Logan gave a reception to the young people of Logan, Tolsted and Ross Creek in honor of their son Peter, who started for Winnipeg on the 25th, where he expects to attend college.

SADDLE LAKE

Miss Jean Batty is suffering from an attack of pleurisy, but is improving.

Miss Lottie Mann has gone to Moose to visit her brother George and incidentally to regenerate her health.

Mr. D. Clark passed down, with another scow.

Messrs. Batty and Tomkins did not finish the sawing and will give it another "go" before winter when the weather is stormy.

Indian credit has come. They are given now a little in advance, but have to pay for it all the same.

Mr. and Mrs. Smith of Good, Fish Lake were guests at Mr. Batty's on Sunday and Monday.

Miss J. S. R. Batty, of Whitesh Lake, returned home on Tuesday, August 27th.

The Store of the Town

A Short Talk About Clothing!

In Men's Clothing as well as all other lines of merchandise there are different grades and values. The clothing of twenty years ago cannot be compared with that which is made today, the style, finish and general make up is much better in every respect and prices are more moderate.

The ready-made suit of today is as highly finished as any Tailor can turn out and perhaps better.

But when we say higher we don't mean price. The clothing we handle is the best obtainable in the Canadian market.

We have seven different makes of goods in our stock, but when it comes to the finish and wearing qualities we recommend our "PICCADILLY" suits in every case.

Our Stout Men's Suits should be of interest to every man that is in the stout order.

Remember our Clothing gives satisfaction or we refund the money cheerfully.

BUMPER CROPS IN STRATHCONA DISTRICT.
Fall wheat is being harvested this week. Spring wheat harvest will not begin for ten days yet. Oats will come in about the same time. Barley is about all cut. The crop is a bumper in this district, never better. Practically no hail has visited this season. No frost has been experienced sufficient to do any injury. The crop, though very heavy, is standing well and will be easily harvested. The recent dull weather delayed harvest somewhat, but prospects are bright for the finest sample and the biggest average crop yield in the history of the country. Farmers are jubilant over the prospects.

PEACE RIVER DISTRICT

Richard W. Devlin, son of ex-Algerman Edward Devlin, of Ottawa, is in the city on his way back from the Peace River country, where he went some months ago with a consignment of young cattle for ranches in that district. The Devlin firm, which is one of the wealthiest in the cattle trade in the east, is a pioneer in this class of trade, it being the general idea that it is the special forte of the west to provide cattle for the east. The Devlins, on the other hand, select the best young cattle in the east and ship them to the ranches in the new districts. Mr. Devlin states that the Peace River district promises to prove one of the richest in the world, and

Shamrock III and the Reliance will sail again tomorrow. No race took place today.

The funeral of the whole community is extended to Mr. and Mrs. E. W. McKenna in their sad bereavement. The child had been sick for some time, but seemed apparently to be improving in health when the end came.

Albertan.—Capt. Geo. Phillips, Dominion steamboat inspector, returned from a trip to the far north last night. He was on an inspection tour and in his journey was as far north as the Mackenzie river. His trip lasted four months and during that time he travelled 5,000 (5) miles north of Edmonton. He speaks very hopefully of the north country. He believes it to be rich in coal, natural gas, and very promising in its agricultural possibilities.

The funeral of the late Patrick W. Ross took place yesterday at Fort Saskatchewan. The funeral was very large, the services being conducted by the Rev. A. Forbes, Fort Saskatchewan. The pall bearers were Messrs. Kimball, Dewar, Tunnis, Shera, Steele and Davis. The surviving members of the family are Mrs. Ross, Fort Saskatchewan; Wm. Ross, Fort Saskatchewan; Wm. Ross, Fort Saskatchewan; John Ross, Fort Saskatchewan; and Mrs. John F. Forbes, Edmonton.

Winnipeg Markets

Commercial, August 29th.
Oats.—There is very little doing in the oat market. Local buyers pay 32¢ per bushel for No. 1 white, 31¢ for No. 2 white, and 30¢ for No. 3 white. Seed grade 28¢ to 30¢. At Fort William No. 1 white oats are worth 31¢ to 32¢ per bushel, No. 2 white 30¢ to 31¢, and No. 3 white 29¢ to 30¢. Wheat.—Manitoba wheat is quoted. The old crop of wheat has been cleaned up more slowly than ever before. At date there is not over 150,000 bushels left in store at lake ports. Some trade continues to be done for September and October delivery, mostly at a discount of new crop. Prices at close of yesterday were: September delivery 1-10-11, 1-11-12, 1-12-13, 1-13-14, 1-14-15, 1-15-16, 1-16-17, 1-17-18, 1-18-19, 1-19-20, 1-20-21, 1-21-22, 1-22-23, 1-23-24, 1-24-25, 1-25-26,
